Sri G. B. SHANKAR RAO.—In view of the recent taking over of the district board roads and rural communication roads and the irrigation projects now being launched, has not the workload of the Public Works Department increased and does not each Sub-Division require more number of Assistant Engineers ?

Sri T. MARIAPPA.—As and when works increase, naturally, more staff would be required.

Sri Y. VEERAPPA.—In your budget speech, you have said that during the period of third five-year plan, we must tighten our belts for its implementation. What is the amount that you propose to save by economy measures to implement the third five-year plan successfully ?

Sri T. MARIAPPA.—As soon as the report is ready, we will be able to tell.

Sri Y. VEERAPPA.—You are appointing Committees after Committees without taking action of their reports. You have already got the Gorwala Report. Why did you not implement the recommendations of Gorwala before appointing this Committee ?

Sri T. MARIAPPA.—May I point out that the Gorwala Report is already out of date. We have covered much ground since. We have undertaken many projects and we have appointed many people.

Sri Y. VEERAPPA.—Shall we take it that this Economy Committee is a second Gorwala Committee ?

Sri T. MARIAPPA.—In a developing economy, there is need for perpetual examination and there is no question of sticking on to one report only.

Sri Y. VEERAPPA.—You are doing nothing except giving special allowance to these I.A.S. and I.P.S. Officers.

Sri T. MARIAPPA.—I have got report even from Pakistan about reorganisation of the Secretariat.

ಶ್ರೀ ಇ. ನಾರಾಯಣಗಾಡ.—ಅಧಿಕಾರಿಗಳ ಮನೆಯಲ್ಲಿ ಕೆಲಸ ಮಾಡತಕ್ಕ ಜವಾನರುಗಳನ್ನು ಕಡಿಮೆ ಮಾಡಿದ್ದೀವೆಂತ ಈ ಒಂದು ಘನವಾದ ಕಾರ್ಯವನ್ನೇನೋ ಹೇಳಿಕೊಳ್ಳುತ್ತೀರಿ.....

ಶ್ರೀ ಟಿ. ಮರಿಯಪ್ಪ.—ಅಧಿಕಾರಿಗಳನ್ನು ಕಡಿಮೆ ಮಾಡಿದ್ದೀವೆ.....

ಶ್ರೀ ಇ. ನಾರಾಯಣಗಾಡ.—ಈ ಚಿಕ್ಕಪುಟ್ಟ ಕೆಲಸಗಾರರನು ತೆಗೆಯುವುದಿರಲಿ, ಮಂತ್ರಿ ಮಂಡಳದಲ್ಲಿ ಎಷ್ಟರ ಮಟ್ಟಿಗೆ ಈ ಮಿತವ್ಯಯವನ್ನು ಜಾರಿಗೆ ತಂದಿದ್ದಾರೆ.

Sri T. MARIAPPA.—That question does not arise.

## EXTENDING OF SRI RAMADEVARA SOUTH CHANNEL.

*Q.—519. Sri Y. VEERAPPA (Holenarasipur).—

Will the Government be pleased to state :—

whether they will examine the feasibility of extending Sri Ramadevara South Channel (right Channel to river Hemavathi) and utilise the entire water as per the terms of 1924 agreement ?

*A.*—Sri M. N. NAGHNOOR (Deputy Minister for Public Works).—Yes.

Sri Y. VEERAPPA.—Since how long this Scheme is under examination ?

†Sri M. N. NAGHNOOR.—We cannot say since how long, but after 1956-57, we are considering this proposal because the atchkat has been already developed to the maximum extent. It is now possible to develop another 77 acres, but we are examining whether we could develop 300 acres with reference to the 1924 agreement.

Sri Y. VEERAPPA.—What are the terms of the 1924-agreement regarding the expansion of Sri Ramadevara South Channel ?

Sri H. K. VERRANNA GOWDH.—The general agreement is to the effect that one-third of the area which was under irrigation before 1910 may be expanded. Now, under this particular nala, nearly 1800 and odd acres have been developed, and there is scope for increasing only 77 more acres, but actually we can go up to 300 acres, but whether it is permissible or not under the 1924, agreement, is under examination.

Sri Y. VEERAPPA.—I am sorry that the Minister is not correct. Under the 1924-agreement, there is wide scope even to go up to 1000 acres in the Sri Ramadevara South Channel.

Sri M. N. NAGHNOOR.—In the present Atchkat up to 1956-57, that we had developed 18223 acres and what was permissible thereafter was 495 acres more. Out of that, now, there is scope for only another 77 acres as against which we want to develop about 300 acres, but the question is whether under the 1924-agreement, it is possible to develop 300 acres more, or we should restrict ourselves to 77 acres more only.
